Healing the Planet and its People

With Quantum Biofeedback (QBF)

Live Better Energetically

COMPANY PROFILE

Quantum Relief inc. is a dynamic company offering excellent remote field resources and support benefits along with competitive Eclosion Sales packages. In addition, QRI Networkers enjoy rewards for their effort with escalating sales commissions above the industry standard rates. We need you to help yourself as we try to help the planet and its people, land, air, water, animals. The world needs our help. Will you join us?

Quantum Relief Inc. is a unique new privately owned humanitarian company, founded by Dr. Deborah Drake, a Quantum Physician, who provides medical advisory services, education, certification examination, custom applications and research protocols.

Eclosion Sales through this integrated Quantum Biofeedback brokerage confer additional benefits of providing a discretionary scholarship for 50% tuition at IQM to promote training and certification opportunities for career growth. This will enhance skill & confidence in Quantum Biofeedback Practitioners from novice to Technician (CBT), Specialist (CBS), Instructor (CQI) & Professional level.

Furthermore QRI provides custom self help or group research training templates called QRPODs, & PODCASTS providing rapid deployment, remote supervision, and global leadership in the industry in preventative stress management.

MEET OUR EMPLOYEES

LIVE & LEARN: This Company is built on the belief that learning skills of self preservation through self development are the keys to survival, success and happiness in life. We sell biofeedback equipment and educational tools to accelerate this empowering process. Enjoy our self help and mentorship learning templates at your own speed from your own home to save travel, time and money, and to maximize your enjoyment and acumen in learning QBF. D Drake

The planet and its people need protection urgently, and we intend to provide noninvasive tools and leadership necessary to do this. Ron McPherson

I feel nurtured to develop a new career for myself, which will benefit not only me but also my family and community." Louise Laporte

Consider helping the planet by joining our Quantum Relief Agronomy POD to learn about pesticide free quantum plant management for farming and horticulture, by adding quantum biofeedback to your integrated pest management system. Mike McKay
